Senator Henry Cabot Lodge on the Sherman Law.

WAITING FOR GOLD IMPORTATIONS.

A Monetary League to Resist the Depreciation of Silver—An Indefinite Shut-Down—Abandoned—Loan Certificates, Etc., Etc.

The Practical Effect of the Repeal of the Sherman Act.

Boston, Aug. 4.—Senator Henry Cabot Lodge, in speaking of the probability of the repeal of the purchasing clause of the Sherman law, said: "I think Congress will repeal the purchasing clause, although it may not be quite so promptly as is hoped here. If an attempt is made to repeal the law, it will be a compromise of an affirmative character. It will lead to an indefinite debate, and repeal will likely be defeated."

"I do not in the least underestimate the necessity for some affirmative measure in regard to the currency. Something ought to be done looking to the sale of the silver bullion in the treasury, under proper limitations, for gold. Some amendments ought also to be made to the national bank act. But these measures can wait, and can be much better handled after the repeal of the purchasing clause has removed the trust which now exists abroad, and the fear which there is here that we are going on to a silver basis. When this fear is removed money will flow from London, where the rate of interest is very low, and the rate of interest here is high, and money rates will at once begin to grow easier in this country. As soon as that comes about, the vast sums of money which are now hoarded all over the United States, will come forth from their hiding places and this will cause a still further decline in the rates of money and bring a great relief to business. This is the practical effect, as it seems to me, of repeal."

The End of the Scarcity of Currency at Hand.

New York, Aug. 4.—Frederick D. Tappan, president of the Gallatin national bank, said yesterday in a clearinghouse joint committee, said yesterday that the cry about a scarcity of currency would be all over by the end of the week, by which time the first of the gold importations would be here. The receipt of \$10,000,000 of gold, the amount now on the way, would, Mr. Tappan said, effectively put a stop to this scarcity of currency. Mr. Tappan said he did not know anything about a premium being offered for emergency; so far as the Gallatin bank was concerned it had shovelled out the cash without discrimination and would continue to do so. He believed that the banks up and down the country were a little short of currency, but it was probable that arrangements will be made to relieve their necessities in that respect.

In the Line of Retrenchment.

PHILADELPHIA, Aug. 4.—President Robert of the Pennsylvania Railroad Co. has caused to be issued from the general office of the company an order for the reduction of hours of labor in the mechanical department from six days a week of ten hours per day, to five days of nine hours per day. The order affects all the shops of the Pennsylvania railroad system, including the leased and controlled lines. This action is taken with view to reducing the expenses, and is in line with the policy of right retrenchment inaugurated some time ago. The beneficial effects of which have already been manifested in the shape of a great increase in the net earnings.

To form a Monetary League to Resist the Depreciation of Silver.

CITY OF MEXICO, Aug. 4.—There is a project on foot here to unite all Latin American nations in a monetary league to resist the depreciation of silver. It is asserted that while silver has declined in obedience to natural laws, the depreciation has not out of all proportion to what it should be, and that nations should unite in order to defend their interests against conspiracy. Public opinion here would not favor such a union, and the project is considered as a monetary league with the United States, transferring the trade of Latin America largely to Americans, only asking on the part of the United States a freer entrance of raw materials.

An Indefinite Shut-Down.

DECATUR FALLS, Pa., Aug. 4.—Word was received from Pittsburgh yesterday by officials of the Carnegie steel plant in this place to discharge all employees here except six watchmen. The shut-down is to be for an indefinite period. The reason assigned by officials here is the stringency of the money market, and the uncertainty of wholesale business here. Sixty men have been employed in repair work.

Practically Abandoned.

PHILADELPHIA, Aug. 4.—The project to secure the shipment of \$1,000,000 of gold from London direct to Philadelphia has been practically abandoned. Several of the banking institutions which were interested in the matter have withdrawn. No definite plan of action has yet been announced.

Loan Certificates Issued.

New York, Aug. 4.—The loan committee of the clearinghouse yesterday afternoon issued a fresh batch of \$1,500,000 loan certificates, making a total for the day of \$3,000,000. Total outstanding, \$3,000,000.

SINGULAR SUITS.

Brought by the Widow of the Late Alexander Mitchell, of Milwaukee.

MILWAUKEE, Aug. 4.—Mrs. Maria L. Mitchell, widow of Alexander Mitchell, has begun a suit against her son, John L. Mitchell, and the Wisconsin Marine and Fire Insurance Co.'s bank. The bank owes her \$200,000, it is learned from good authority, and her son, it is alleged, is behind some \$200,000 annual allowance which he is required to pay her.

On June 17, 1887, Mrs. Mitchell executed a release of dower rights. She died this in consideration of one dollar, and out of love and affection for her son, now Senator Mitchell. This release covered all the property which was owned by the late Alexander Mitchell. A private agreement was made between Mrs. Mitchell and her son John L. Mitchell, by which she gave up the homestead, and was charged a yearly allowance instead.

Since the settlement of the estate Mrs. Mitchell has rarely ever visited Milwaukee. The commencement of the suit is known only to the lawyers and to the owners of the bank. The papers have not yet been filed in court. Mrs. Mitchell has at present in the Two Thousand Islands at her summer home.

Has Faith in the Result of the International Monetary Conference.

WASHINGTON, Aug. 4.—Representative McCrory, of Kentucky, who is a member of the international monetary conference reassembling in Brussels in November next, said "I have been in correspondence with many of the representative men of the international monetary conference, and am encouraged by the reports that I hear. I can not say that I believe in the ultimate failure of the conference. The action of India was not a surprise to me, because it had been predicted. Although they are no longer to have free and unlimited mintage of silver in India, nothing has been done to prevent the government from coining silver. The position there is similar to that in this country from 1873 to 1890. Many of the leading men of the conference think it very important to keep the body alive, so that we may after awhile reach international bimetalism. I believe international bimetalism on a common ratio among the great nations of the world to be the best solution of the whole trouble."

United States Treasurer Morgan's Circular on the Subject Reads:

"The amount of standard silver dollars held by the treasury for their redemption or exchange for the present standard silver dollars can be furnished only for silver certificates deposited for exchange or in return for those required for redemption. Hence, quarters of dime can be furnished in the present case of standard silver dollars, but not more or less of change, by express or by registered mail in sums or multiples of \$50, registration fees for drafts collected at Washington or at any of the subsidiary cities, namely, New York, Boston, Philadelphia, Baltimore, Cincinnati, Chicago, St. Louis, New Orleans or San Francisco, or for a deposit of currency by any correspondent in said cities. The coin will be forwarded from the nearest subsidiary office, and drafts in payment thereof should be drawn to the order of the assistant treasurer of the United States, naming place, and forwarded directly to the office here."

The Milwaukee National Bank of Wisconsin Solvent.

MILWAUKEE, Aug. 4.—Bank Examiner Lynch has finished his examination of the books of the Milwaukee National Bank of Wisconsin, and has forwarded his report to the comptroller of the currency. He says the bank is solvent. Mr. Lynch will remain in Milwaukee until it is put in the hands of a receiver for the winding up of its affairs.

Ten Wabash earnings for the last week
in July amounted to \$274,333.02, showing
an increase of \$15,000.49 over the corre-
sponding week last year. The earnings
for the month amounted to \$1,150,783.49,
showing an increase of \$135,491.19 over
July 1892.

This morning the young M'Dermott,
who has given his father, Henry M'Der-
mott, considerable trouble, took a
sudden turn and wanted to go to Chicago.
His plans were frustrated by the boy
being turned over to the custody of
Sheriff Pratt.

"Be sure you get Ayer's" is an impor-
tant caution to all in search of a thor-
oughly-reliable blood-purifier. Ayer's
Sarsaparilla being the one on which there
can be no shadow of doubt. It has stood
the test of nearly half a century, and has
long been considered the standard.

The program for the Macon county
Sunday school convention were issued to-
day. The two day sessions will be
held in the Baptist church at Ocala on
Thursday and Friday, August 24-25. The
people of Ocala have held two meetings
to prepare for the convention.

Lextron, McLean county, is becom-
ing notorious by the appearance, nightly,
of a ghost which appears mounted on a
magnificent horse and is not confined to
any particular spot. Sober, truthful
citizens are said to have not only seen
but have shot at the phantom. No one
yet is able to explain the mystery.

Two women at Ocala, near Oak-
wood, Ind., yesterday worked the first
saloon of the town. They held a prayer
meeting at the saloon to get rid of the
nuisance, but failing in that endeavor
to take more decided action. The church
bells were rung and the faithful ones,
armed with axes, clubs, and other weapons
of warfare, descended upon the saloon
and literally destroyed it.

ATTORNEY J. M. GRAY received word
to-day from his parents, who reside at
Bemey, Ill., that his brother, Eddie, a
lad 14 years old, who has been sick with
typhoid fever, is rapidly sinking and is
not expected to live through to-night.
Mr. Gray is himself quite ill and his phys-
ician has advised him not to go to Ham-
sey if it can possibly be avoided. In
case his brother dies he will go regard-
less of consequences.

SULLIVAN NEWS: Harry Brewer, who
some time ago had his right leg ampu-
tated to check the growth of a cancer, is
again suffering from that disease. He
consulted with several Decatur doctors
and they gave him no hope of eradicat-
ing the disease by amputating the leg
remained stump, which is very much in-
flamed. He and his wife will soon go to
Pennsylvania, where he will spend his
remaining days with his parents.

Will Meet Faithful Lodge.

Reduced Tuition Rates.
Brown's Business College has decided
to continue the reduced rates of tuition
that were offered during June and July.
until the opening of the fall term, Sept.
1st. A large number have already en-
rolled at these reduced rates and expect
to continue their work at the opening of
the term. Many had not heard of the
special rates or had not understood the
benefit of our offer, the former persons
will be continued until Sept. 1st. In-
terested parties should write for infor-
mation or call at the college office.
